

ShopEase Shipping Policy

1. Standard Delivery

Standard delivery is generally expected within 3 to 7 business days after dispatch, depending on destination and carrier capacity.

2. Express Delivery

Where available, express delivery generally targets 1 to 2 business days after dispatch. Availability varies by product, seller, and destination.

3. Lost Shipments

An order may be investigated as potentially lost when tracking has not updated for the applicable carrier investigation period or when the carrier confirms loss.

4. Damaged in Transit

Customers should report visible shipping damage as soon as possible. Support may request photographs of the package and product before approving a resolution.

5. Delivery Exceptions

Weather, natural events, carrier disruptions, incorrect addresses, and regulatory checks may cause delivery delays.

6. Tracking

Customers can use the order tracking page to view the latest carrier scan. A tracking status may remain unchanged while a shipment is between carrier facilities.
